Splendid Tribute To Stalwart Madison Boys

The Lexington Herald Sunday had four photos and the following well deserved tribute to four splendid young sons of old Madison:

Four sons of C. F. Park, Sr., of Richmond, are in the service of the United States. All of them were former students of the University of Kentucky, in Lexington, and prominent in student activities while there. The members of this "war family" in service are, Captain C. F. Park, Jr., James Park, Smith Park, and George E. Park.

Captain Park was one of the most popular members of the class of '11 of the University of Kentucky. He was a member of the Phi Delta Theta fraternity and three honorary fraternities, Lamp Cross, Keys and Mystic Thirteen. He is well remembered as an athlete, having been on the receiving end of the famous battery of Park and Park. He made the team all four years and also had the distinction of being captain of the team two years in succession.

After graduation, he proceeded at once to get in the greatest game, but not on the receiving end. He received a commission as First Lieutenant as the Second Training Camp at Fort Benjamin Harrison. He was at once transferred to Camp Taylor, where he was stationed until he went "over there," with the 801 Pioneer Infantry. Since being in France he has been promoted to the rank of captain.

James Park graduated from the University of Kentucky with the class of 1915. During his stay at the University he was a leader in practically all the varied activities in which the student body participates. He was president of his senior class, a member of Phi Delta Theta fraternity, Lamp and Cross, Keys and Mystic Thirteen. In his senior year he was captain of the varsity football and basketball teams. As a varsity athlete he made a unique record. He was a member of the football team during his four years, a member of the base ball and basketball teams for three years, being ineligible one year for either.

After graduation Park played professional ball with St. Louis, American League team, Salt Lake City, Pacific Coast League and Columbus, American Association teams. He was playing with the latter organization when called to the Aviation Ground School at Columbus, O. After spending three months at Columbus, he was transferred to the flying school at Camp Dix, Dallas, Texas. As there was no chance of being able to fly before next spring due to the small number of planes available and being anxious to see action, he asked for transfer to the Artillery Observation School, at Fortress Monroe, Virginia, where he is now stationed.

George E. Park, also attended the University for three years, taking premedical course. He would have graduated with the class of 1918, but went to Hahnemann Medical College, Chicago. During his first year he joined the medical reserve and home guards of Chicago. He is now located with the S. A. T. C. unit at this college. During his course at the University George Park was also on the baseball team for three years. He was a member of Phi Delta Theta and Lamp and Cross fraternities.

(Continued in Adjoining Column)
Smith Park, the youngest of the family, is now stationed at the University in the Naval Reserve Branch of the S. A. T. C. He is also a member of the Phi Delta Theta fraternity. In his junior he was assistant manager of the foot ball team, and First Lieutenant of the Cadet Battalion. He attended the R. O. T. C. at Fort Sheridan, Ill., this summer after which he returned to Camp Buell as mess sergeant. He acted in this capacity until school opened in September. He is now taking the last year of the Mechanical and electrical Engineering course in the University.

FROM JOHN TRACY

Mr. and Mrs. T. Tracy, of the county, have received the following letter from their son, Corporal John Tracy, who is doing fine work with the American forces in France. He writes:

Somewhere in France, Oct. 6.
Dear Mother and Dad—Thought I would write you a few lines to let you know I was still living and all right. I can hear the guns plainly from where we are. I dream about home very often but I don't get homesick. Tell all of the children hello for me and that I would like to see all of the people back there. Wish you would find out where all the boys are and in what Company and let me know. What about the war back home? Guess it looks good to you people, don't it? Will close with love to all, hoping to hear from you soon.

Yours,
JOHN O. TRACY.

Save Wheat and Help Win the War

In a publication of the U. S. Food Administration, of January 26th, 1918, is the following comment:

"A baking powder concern in Chicago is distributing a placard that consumers purchase double-size packages of all food articles packed in tin, thus saving about 25% tin plate for use in ammunition. Baking powder is also recommended with corn bread and a special booklet of War Time Recipes is offered housewives who are interested."

The baking powder concern referred to was the Calumet Baking Powder Company and its efforts to conserve our resources were thus commended.

Calumet Baking Powder always conserves resources and promotes economy.

By its use wheat flour, corn meal, or any kind of flour, always goes further, makes whiter and lighter bread, biscuits, cakes, etc.

Calumet Baking Powder can be used to greatest advantage in your war-time or any other Recipes that call for Baking Powder. It is used in the ARMY and NAVY. Uncle Sam chooses from all. His selection should show you which brand of baking powder is best for your use.

SERVE YOUR COUNTRY

By using it in your home. Save needed food-stuffs and prevent waste. Serve your family by giving them pure, wholesome, tasty bakings.

Remember—Foods are as important as Fire Arms in War Times.

Remember—Calumet Baking Powder gives you positive protection against bake-day failures.

SEND FOR FREE CALUMET War-Time Recipe Book

It contains scores of selected recipes that will help you greatly in the use of corn and other coarse flours.

Keep The Kidneys Well

Health Is Worth Saving, and Some Richmond People Know How To Save It.

Many Richmond people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of sufferers. Here is a Richmond citizen's recommendation:

Mrs. W. T. Mansfield, 137 S. Edill avenue says: "I had backache and was run down and languid. My kidneys were weak. Doan's Kidney Pills relieved the backache and put my kidneys in good condition. Whenever I have any sign of kidney trouble, I have used Doan's Kidney Pills and they never failed to give me good results."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—that same that Mrs. Mansfield had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. nov 13w
